Per-plan schedule

Plan	Cap	Emails
Prime	160	Started + Resume · Completed (2)
Ignite	250	Started + Resume · Completed (2)
Professional	500	Started + Resume · 250 done · Completed (3)
Executive	1200	Started + Resume · 350 done · 700 done · Completed (4)

Trigger rules

- **Started** — fires once per client when: resume done + Apps-In-Progress + count ≥ 10 jobs in dashboard
 - **Count milestones** — fires when raw count (excluding "removed") crosses each threshold
 - **Completed** — fires when count reaches plan cap
 - **Cron** — runs hourly (top of every hour, IST)
 - **Plan upgrade** — clears count/completed flags so new plan thresholds re-evaluate. "Started" stays once-only.
